

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a clear example of the dangers of media consolidation. Furthermore, it seems to be a violation of campaign laws in the United States and an attempt by one individual to subvert the laws of the United States. Please put a stop to this undemocratic behavior immediately.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. But when large companies control the airwaves, we get more of what the corporate owner wants and less of what we need for our democracy.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a returned postcard. Thank you.
